

2025 GE HealthCare benefit, administered by Centivo

# Protecting your health. Helping you save.

In Eastern Wisconsin, you have a choice of two plans from Centivo – both of which offer high-quality care and savings for you and your family.

## Partnership with your personally-selected primary care doctor makes these plans different

It's proven that working with a primary care doctor can help keep you healthier, improve your healthcare experience and reduce emergency room visits, all of which keep your costs lower. That's why the core of these plans is a relationship between you and your personally selected doctor.

For most specialist care, you'll need a referral from your primary care doctor. This referral process makes sure you'll get the right care for your needs from in-network doctors.

### Both plans offer:

- **FREE** annual wellness exam, before deductible
- Low coinsurance after deductible
- Virtual options for primary care, urgent care and behavioral health

### Centivo Basic PPO Plan

- **FREE** primary care, including pediatrician visits, and behavioral health office visits *before* deductible
- Lower deductible

### Centivo PPO Plan + HSA

Only available in Milwaukee/Waukesha

- **FREE** primary care and behavioral health office visits *after* deductible
- Higher deductible
- Health Savings Account (HSA) qualified, with contributions from GE HealthCare if eligible
