Partnership with your personally-selected primary care doctor makes these plans different

A primary care doctor who gets to know you can help keep you healthier, improve your healthcare experience and reduce emergency room visits – all of which keep your costs lower. That's why the core of these plans is a relationship between you and your personally selected doctor.

Both plans offer:

- **FREE** annual wellness exam, before deductible
- Low coinsurance after deductible
- Virtual options for primary care, urgent care and behavioral health

For most specialist care, you'll need a referral from your primary care doctor. This referral process makes sure you'll get the right care for your needs from in-network doctors.

Centivo Basic PPO Plan

- **FREE** primary care, including pediatrician visits, and behavioral health office visits *before* deductible
- Lower deductible

Centivo PPO Plan + HSA

Only available in Milwaukee/Waukesha

- **FREE** primary care and behavioral health office visits *after* deductible
- Higher deductible
- Health Savings Account (HSA) qualified, with contributions from GE HealthCare if eligible
